OBJECTIVE

Full Stack Developer skilled in React.js, Node.js, Express.js, MongoDB, JavaScript, and Java. Experienced in developing responsive web applications, integrating REST APIs, and implementing scalable backend solutions. Strong understanding of Data Structures & Algorithms, DBMS, OOPs, and cloud technologies, with a focus on building high-performance and maintainable software systems.

SKILLS

Communication	Voice, Email & Chat Support, Client Presentations, Stakeholder Reporting
Technical	Application Performance Monitoring, Internet Connectivity Diagnostics
Languages & Tools	Python, JavaScript, Java, React.js, Node.js, Git, REST APIs, MS Word, MS Excel, MS PowerPoint
AI & ML	LLM API Integration (OpenAI), Machine Learning, Computer Vision, OpenCV, DeepFace

EXPERIENCE

Full Stack Development Intern – Prodigy Infotech

November 2025 – December 2025

Remote

- Completed hands-on training in JavaScript-based backend development, focusing on scalable server-side applications.
- Built and deployed RESTful APIs using Node.js, Express.js. Deployed full-stack web applications using JavaScript (Node.js, React) and modern web practices.

Frontend Development Intern – InternPedia.in

May 2025 – June 2025

Remote

- Gained hands-on experience in frontend development at Internedia, building responsive and user-friendly web interfaces using HTML, CSS, JavaScript, and React.
- Built reusable React components and implemented modern UI designs for improved user experience. Collaborated with team members to develop, test, and optimize frontend features.

PROJECTS

Attendify – AI-Powered Smart Attendance System (Web + Android)

Jan 2026 – Present

- Onboarded and supported 100+ live users across web and Android platforms; handled real-time feedback, issue resolution, and system walkthroughs.
- Built the full-stack solution with JWT auth and Cloudinary storage, maintaining ~95% facial recognition accuracy for consistent user experience.
- Reduced manual attendance effort by ~80% via GPS geo-fencing and directly addressing the primary user pain point.

WorkWayFinder – Real-Time Employee Location Tracking System

Jun 2025 – Nov 2025

- Designed role-based dashboards (Admin/Employee) with intuitive UX, enabling 50+ simulated users to navigate the system without requiring technical assistance.
- Implemented JWT-based session management and access-controlled views, minimizing unauthorized access issues and reducing related support escalations.
- Built a real-time Leaflet.js map dashboard for live GPS visualization and improving overall user satisfaction.

EDUCATION

Bachelor of Technology, A.K.T.U. University	Expected 2027
Axis Institute of Technology & management	CGPA – 7.5/10
Class 12, State Board of Intermediate Education	2021–2022
Kamad Shining Stars Academy	78.33%
Class 10, State Board of Secondary Education	2019–2020
Kamad Shining Stars Academy	88.33%

CERTIFICATIONS & ACHIEVEMENTS

- Anchor (2024-2026)** : Led anchoring for 15+ events including College Freshers & Institution’s flagship cultural event.
- MongoDB certification (Aug 2025)** : Covering NoSQL database fundamentals, document-based data modeling, and CRUD operations for scalable application development.
- Volunteer Coordinator in HackSprint (2025)**: Mentored 30+ member dev community, coordinated technical sessions, workshops, and peer support initiatives. Assigned duties and ensured timely execution of tasks. Helped in crowd management and participant support
- Debate Winner - AXIS** : Awarded with Best Speaker Award in 2024 Debate Competition SAMVAD.
